Pujitha Saikam

Automation Test Engineer
7330951235 | pujitha4448@gmail.com | Hyderabad, India

CAREER OBJECTIVE

Detail-oriented IT professional with 5 years of experience in Automation and Manual Testing and Skilled in Selenium, Playwright, API Testing, Agile methodologies, and leveraging AI tools like Claude for prompt-assisted test design and documentation — reducing manual testing effort by ~30%. Seeking a growth-oriented role to leverage my automation and quality assurance expertise in delivering high quality software solutions.

KEY SKILLS:

Automation Frameworks	Selenium WebDriver, Playwright, TestNG, Maven, POM, Allure/Extent Reports
Programming Languages	Core Java, JavaScript, SQL
API Testing	API Automation, Postman, JMeter
Testing Types	Functional, Regression, Database, UI & Automation Testing, Test Planning, Test Scripting
DevOps & Management Tools	Jenkins, CI/CD, Git, JIRA, TestRail / Zephyr, Browser Stack
Methodologies	Agile Methodologies, SDLC, STLC
Soft Skills	Analytical & Problem-Solving Skills, Strong Verbal & Written Communication Skills

PROFESSIONAL EXPERIENCE

Value Labs — Hyderabad, India
Senior QA Automation Engineer — Jan 2026 - Sep 2026

- Built and maintained a Java UI automation framework (Selenium, TestNG, Maven, POM), cutting execution time by 15%.
- Automated 350+ functional, regression, smoke and end-to-end tests with Allure/Extent reports, 90%+ regression coverage and 60% less manual effort.

Infor India Pvt Ltd — Hyderabad, India
Quality Assurance Analyst, Associate — Sep 2025 - Nov 2025

- Automated critical regression workflows with Selenium and TestNG, reducing manual effort per release by 40%.
- Prepared functional and end-to-end test scenarios from business requirements.

Accenture — Hyderabad, India
Custom Software Engineering Analyst — Nov 2021 - Sep 2025

- Built POM-based automation (Java, Selenium, TestNG, Maven) for e-commerce and enterprise apps, increasing test coverage by 80%.
- Ran mobile tests on 50+ Android and iOS device combinations using Browser Stack.

PROFESSIONAL RESPONSIBILITIES

- Working with cross-functional teams on Core platform and **client engagements** at current company, involved in production deployments, release validation, smoke testing, post-production verification, and client coordination for requirement analysis — ensuring end-to-end quality delivery
- Leveraged **AI-powered tools and Claude** to accelerate test design, automate test case generation, and reduce **manual validation effort by ~30%.**

- Hands-on experience in **Selenium WebDriver** using Java, **TestNG** framework, Page Object Model (POM), and API Automation Testing.
- Developed and maintained a **Selenium-TestNG** UI automation framework for jurisdiction-specific exclusion rule management workflows using Page Object Model (POM), increasing **automated regression coverage by ~30%** and reducing manual testing effort.
- Automated 200+ API test cases for the jurisdiction-specific exclusion rule management module using API Automation and **Postman**, boosting automation coverage and reducing execution time by ~25%.
- Backend & Database Testing: Working on backend testing, executing SQL queries in MySQL for relational databases and analysing **MongoDB** logs for data validation.
- Hands-on experience in **Playwright** Automation using JavaScript framework for developing and maintaining automated test scripts in previous projects.
- Strong experience in Functional and Regression Testing using automation frameworks to reduce manual efforts and ensure end-to-end QA ownership across releases.
- Experience in **Agile** Methodology with participation in sprint planning, stand-ups, reviews, retrospectives, and client discussions.
- Skilled in locating web elements using Selenium locators such as XPath, CSS Selector, ID, & Class Name.
- Worked on **CI/CD** tools like Maven, Jenkins, Git, and Jira for build, deployment, and tracking activities.
- Experience in API Testing using Postman and automation frameworks for validating REST APIs.
- Performed **Root Cause Analysis (RCA)** for defects and collaborated with development teams for issue resolution. Good understanding of SDLC, STLC, and Defect Life Cycle.

EDUCATION

Lakki Reddy Bali Reddy College of Eng, JNTUK — Andhra Pradesh, India

Bachelor of Technology (B. Tech) — 2017 - 2021

LANGUAGES

Telugu, English & Hindi.

CERTIFICATION

Selenium / Playwright
